

JUNE 21-22 2024
**GEORGIA HEART
& VASCULAR
SYMPOSIUM**

CHATEAU ELAN WINERY & RESORT
BRASELTON, GEORGIA

SPONSORSHIPS & EXHIBITS

On behalf of Georgia Heart Institute, thank you for your consideration in supporting the Georgia Heart & Vascular Symposium. This program features world-renowned leaders across the spectrum of cardiovascular specialties and will engage learners in live cases, debates, panel discussions, exhibits, a gala, and provide a patient-centric overview of the future of heart care.

The annual symposium is part of Georgia Heart's commitment to care informed and enriched by the spirit of discovery and new technologies that will:

- Educate physicians, advanced practitioners, and other clinicians on advances in cutting-edge research, technology, and innovation related to the clinical care of patients with cardiovascular disease
- Engage an estimated audience of 500 physicians and medical professionals
- Offer 13.25 CME and ABIM MOC credits

Through your support, we will be able to deliver high-quality education from leading experts in cardiology that leads to improving patient care and outcomes. We would be grateful for your partnership!

Sincerely,

Habib Samady, MD, FACC
President
Georgia Heart Institute

ABOUT GEORIGIA HEART INSTITUTE

Georgia Heart Institute brings together the foremost leaders and experts across all subspecialties of cardiology, cardiovascular & thoracic surgery, vascular surgery and more at Northeast Georgia Health System, a not-for-profit community health system anchored by Northeast Georgia Medical Center's four hospital campuses in Gainesville, Braselton, Winder and Dahlonega. Georgia Heart Institute was launched as a culmination of all the clinical, educational, research and innovation activities related to the entire Heart & Vascular Service Line of Northeast Georgia Health System (NGHS). Built on a rich legacy of excellence in heart and vascular care, Georgia Heart Institute has earned national recognition and a distinguished reputation for its clinical excellence and multi-disciplinary services, making it one of the region's elite destinations for cardiovascular care.

DISPLAYS: Displays must not project into or bother the traffic patterns or interfere with or obstruct the view of adjoining booths. No objectionable noise or odors will be permitted at any booth or exhibit. Audio visual equipment will be turned down to a conversational level so as not to disturb adjoining tables. No electrical flashing or neon signs may be used. Exhibitors will not use strolling entertainers or distribute samples or souvenirs except from their own tables. Personnel and mannequins will be dressed in good taste.

PROPERTY: The exhibitor must surrender his or her display space in the same condition, as it was when he/she occupied it. Nothing shall be posted on, tacked, nailed, screwed, or otherwise attached to columns, walls, floors, or other parts of the building or furniture. Application of promotional gummed stickers or labels is strictly prohibited. Anything in connection therewith necessary or proper for the protection of the building, equipment, or furniture will be at the expense of the exhibitor.

LIABILITY AND INDEMNIFICATION: The exhibitor is responsible for all damages to the exhibit premises and for any and all claims and demands on account of any injury or death or damage to property done in or about the premises used by the exhibitor, his or her employees, or agents and the exhibitor agrees to indemnify and hold harmless the Georgia Heart Institute, their directors, officers, staff, and facility from and against any and all liability and claims and demands which may arise from or be asserted in connection with the foregoing undertaking and responsibilities of the exhibitor included that caused by or resulting from the negligence of the Georgia Heart and Vascular Conference, their directors, officers, staff and facility.

The Northeast Georgia Medical Center, Inc. (NGMC) and Northeast Georgia Health System Inc. (NGHS) shall ensure that all educational activities comply with the Accreditation Council for Continuing Medical Education (ACCME) Standards for Commercial Support and other compliance guidelines for commercial support, as applicable.

FROM THE ACCME STANDARDS FOR COMMERCIAL SUPPORT:

1. Arrangements for commercial exhibits or advertisements cannot influence planning or interfere with the presentation; nor can they be a condition of the provision of commercial support for CME activities.
2. Product-promotion material or product-specific advertisement of any type is prohibited in or during CME activities. The display of editorial and advertising material on the same products or subjects must be avoided. Live (staffed exhibits, presentations) or enduring (printed or electronic advertisements) promotional activities must be kept separate from CME.
 - For print, advertisements and promotional materials will not be interleaved within the pages of the CME content. Advertisements and promotional materials may face the first or last pages of printed CME content as long as these materials are not related to the CME content they face and are not paid for by the commercial supporters of the CME activity.
 - For audio and video recording, advertisements and promotional materials will not be included within the CME. There will be no 'commercial breaks.'
 - For live, face-to-face CME, advertisements and promotional materials cannot be displayed or distributed in the educational space immediately before, during, or after a CME activity. Providers cannot allow representatives of Commercial Interests to engage in sales or promotional activities while in the space or place of the CME activity.
3. Educational materials that are part of a CME activity, such as slides, abstracts and handouts, cannot contain any advertising, trade name or a product-group message.
4. Print or electronic information distributed about the non-CME elements of a CME activity that are not directly related to the transfer of education to the learner, such as schedules and content descriptions, may include product promotion material or product-specific advertisement.
5. A provider cannot use a commercial interest as the agent providing a CME activity to learners, e.g., distribution of self-study CME activities or arranging for electronic access to CME activities.
